IT ALL STARTS HERE

An international geoscience, engineering, and environmental consulting firm,

Klohn Crippen Berger (KCB) provides a broad range of engineering, geosciences and environmental services to the mining, water resources, hydropower, geotechnical, oil & gas and Government sectors. We work on some of the biggest and remote projects in the world, but we haven't forgotten it's the little things that really matter, like ensuring balance in the lives of the people that work for us.

"I joined Klohn Crippen Berger because it has so much to offer in terms of project experience and opportunities for mentorship."

SIMPLY THE BEST

Joining KCB means you'll be working alongside some of the most talented and highly regarded engineers, geoscientists and environmental scientists in the world. For more than half a century we have designed and engineered some of the world's most challenging projects. Our award winning reputation and our commitment to quality and client service are second to none.

Presented by PSMJ Resources, Inc.

Award of Merit Nam Theun 2 Hydro Project

TEAMWORK

THE WORLD AT YOUR FINGERTIPS

We provide value-added services to our clients, and have amazing opportunities for people with initiative, creativity, energy, enthusiasm, an appreciation for quality and a sense of adventure. We have offices in some of the most beautiful and vibrant centers in the world. From these locations we work in a range of amazing environments, from the geographic diversity of Australia to the equatorial beauty of the Pacific Rim.

INNOVATION

"Invaluable project exposure and international assignments."

GROWTH FOR ALL

AN EXCITING PLACE TO LEARN

KCB continues to open doors to your ongoing professional and personal development through project assignments, international transfers, on-the-job training and mentoring, conferences, courses and seminars.

Our Values:

- People first • Ethics, Integrity and Honesty
- Professionalism • Innovation • Quality
- Technical excellence
- Recognition of individual contributions
- Teamwork • Sustainability
- A safe, satisfying and fun workplace

Our Vision:

Excellence, teamwork and innovation building a better world.

Our Mission:

To attract, develop and retain talented staff and quality clients who thrive and excel as a team, undertaking exciting projects.

REWARDS

A REWARDING PLACE TO WORK

To allow you to focus on what's important, KCB ensures employee compensation is benchmarked every year, Above and beyond looking at market-driven salaries, we also ensure that we provide for your future well being with market leading Superannuation contributions. We also offer life and disability protection programs for all out employees that outpace those offered by our competition.

KCB Compensates employees for hours worked on client projects outside the standard work week by allowing you to bank the time and use it later, or take it in cash. We also appreciate and value the loyalty of our staff by recognizing their service with our own awards program, specifically created with our employees in mind.

WE WORK HARD BUT PLAY HARD TOO...

At KCB, you will find your co-workers love to play as hard as they work. We are a very social group who enjoy the great outdoors and afterwork get-togethers. We also give back to the community through a number of annual charitable drives.
